Sat, 03 Nov 2018 08:41:00 GMT Modern operating systems

tanenbaum solutions pdf - Yes it can, especially if the kernel is a message-passing system. 25. As far as program logic is concerned it does not matter whether a call to a library procedure results in a system call. But if performance is an issue, if a task can be accomplished without a system call the program will run faster.
